### **DECISION AWARDING DAMAGES<sup>1</sup>**

On January 23, 2020, Mark Chase, statutory beneficiary of Barbara Pauley-Chase, deceased, filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*<sup>2</sup> (the “Vaccine Act”). Petitioner alleges that his wife, Ms. Pauley-Chase, suffered from Guillain-Barre syndrome (“GBS”) as a result of pneumococcal conjugate and influenza vaccines received on October 17, 2018, and that she subsequently died on December 22, 2018 as a result of her vaccine-related condition. Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On June 15, 2021, a ruling on entitlement was issued, finding Petitioner entitled to compensation for GBS and subsequent death. On October 15, 2021, Respondent filed a proffer on award of compensation ("Proffer") indicating Petitioner should be awarded \$250,000.00. Proffer at 2. In the Proffer, Respondent represented that Petitioner agrees with the proffered award. *Id.* Based on the record as a whole, I find that Petitioner is entitled to an award as stated in the Proffer.

Pursuant to the terms stated in the attached Proffer, **I award Petitioner a lump sum payment of \$250,000.00 in the form of a check payable to Petitioner.** This amount represents compensation for all damages that would be available under Section 15(a).
